

YOU'VE BEEN SELECTED TO SHARE YOUR VOICE!

Because you receive services from Alabama's Department of Mental Health, Division of Developmental Disabilities (DDD), you've been randomly chosen to take part in the **National Core Indicator (NCI) In-Person Survey.**

This survey helps the state gather feedback to improve services for adults with intellectual or developmental disabilities. Your participation is **CONFIDENTIAL, VOLUNTARY, and WILL NOT AFFECT YOUR SERVICES.**

You will be receiving a call from Qlarant, the organization working with DDD to conduct the surveys. Your Qlarant surveyor will call **between now and June 30th, 2026** to schedule the survey either in person or virtually and at a date and time convenient for you.

*Thank you in
advance for your
consideration to
participate in
this great
opportunity!*
