

Qlarant Self-Direction Program Support

Empowerment Begins with a Choice

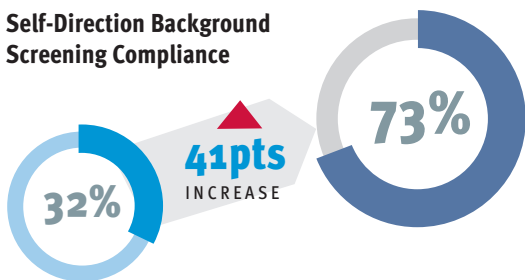

Self-direction puts people at the center of their own care—empowering them to choose services and design supports that fit the life they want.

States rely on Qlarant to strengthen their self-direction programs—because comprehensive solutions take more than good intent. It takes **smart program design**, **dependable tools**, and **guidance** from experts who know self-direction inside and out.

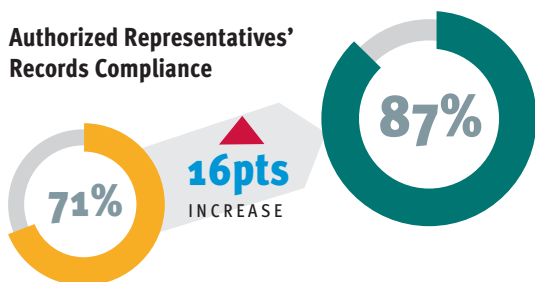

Empower People. Enhance Quality. Ensure Compliance.

Qlarant's Self-Direction Solutions:

- **Claims Validation**—review claims, documentation, and prior authorization for alignment and compliance
- **Training and Technical Assistance**—deliver customized technical assistance and training, either in person or remotely, tailored to the specific audience
- **Person-Centered Plan Reviews**—ensure goals and supports are individualized
- **HCBS Settings Rule Compliance**—conduct compliance reviews, collect required data, and prepare state-mandated reports
- **Self-Direction Tools**—develop customized tools to meet your state's quality assurance needs or employ standardized instruments like the National Core Indicators
- **Program Analysis**—use data to identify gaps and solutions to strengthen programs

Qlarant delivers unmatched support for states through expert billing and claims validation, targeted training, and hands-on technical assistance. All designed to support federal compliance and prevent fraud, waste, and abuse in self-direction programs.

Why States Choose Qlarant

For decades, Qlarant has been the trusted partner for states seeking to strengthen their self-direction efforts. Our team includes nationally recognized subject matter experts and certified person centered trainers who understand the nuance and spirit of self-direction. Every state is unique. That's why every solution we deliver is thoughtfully tailored—not standardized.

“[Qlarant’s staff] made a difficult task so easy and I want to thank you so much for all your support and help throughout this process.”

A Legacy of Impact

Behind every program improvement is a person whose life becomes more empowered, more meaningful, and more their own. Our clients frequently describe how Qlarant’s support improved quality, clarified processes, and helped teams feel more confident in their work.

The review was very organized, and the in-person visit was the most efficient. It went smoothly...no surprises. Qlarant was professional, patient, and kind.”
